Independently Published, United States, 2019. Paperback. Condition: New. Language: English. Brand new Book. How Swing Trading WorksIn this Book, I will review many of the basics of swing trading and how it differs from other types of trading such as day trading and position trading. This book will also introduce you to some different types of participants in the market. At the end of the book, I will discuss the different types of accounts you can open as well as the process of buying and selling stocks.What do you look for as a swing trader? You're looking for stocks that you expect to move in a relatively predictable manner for a period as short as overnight to as long as several weeks or more. Holding on to securities for periods of time longer than 1 day comes with risks, but it also comes with rewards. Investing in a security that is making a multiday run higher allows the swing trader to take advantage of and profit from those moves. Let's look now at what differentiates a swing trader from other types of traders and their approach to investing. In the following sections, I will look at a swing trader's approach to trading and compare that approach to the ones used by a day trader and position trader.You will learn in this book: How to Enter a TradeExplore the different strategies used to swing trade on stock, Forex, and options markets.Waves and TrendsSwing trading Tools for AnalysisFundamental Analysis of swing tradingProfit and Loss Levels of tradingThe Art of Selling ShortImportant Tips for Maintaining Swing Trading MomentumSo, if you're genius in swing trading get buy of this book now, and start practicing using the tools and strategies to get you on the best road to successful trading with great profit!For more information...
